

Cypress Trails United Methodist Church is moving into a new season as Spring Community Church, A United Methodist Congregation. This comes after some discernment about where we've been, where we believe God is calling us to be, and who we believe God is calling us to become. Some things do not change: we are still firmly United Methodist, we still have a heart for our community, and we still want to welcome people into the family of God. Some things are changing: we are renovating our Sanctuary space, and a contemporary worship service will launch on August 8.

We will be worshipping at Timber Lane Community Center until July 4. July 11 is the first Sunday in the new space! We hope you will join us!

You can sign up for our latest events at linktr.ee/springcommunitychurch.
